

Glenn Wolfner Ahava, Ph.D.

Clinical Psychologist • Neuropsychologist • Forensic Psychologist
Virginia License #0810002514 • Soar Behavioral Health, LLC • Newport News, VA

Annotation note: This annotated C.V. is submitted in support of an application for Board Certification with the American Board of Professional Neuropsychology. Neuropsychological populations assessed and treated are underlined. Measures used are underlined and *italicized*. Publications and presentations of a neuropsychological subject are marked with an asterisk *.

EDUCATION

University of Rhode Island, Kingston, RI — Graduate School

Ph.D. in Clinical Psychology | Concentrations: Forensic Psychology, Neuropsychology, and Family Violence Research | 1996

Neuropsychological populations: Acute and chronic substance abuse, hemiplegia, monoplegia, paraplegia, quadriplegia, PTSD, seizure disorders, spinal cord injury, strokes, TBI, tertiary syphilis.

Measures used: *WAIS, WISC, WPPSI, WIAT, KAIT, KBIT, WMS, MMPI, PAI, Bender-Gestalt, Rorschach, various projective measures, symptom validity tests, competency to stand trial interviews (Massachusetts courts).*

University of Rhode Island, Kingston, RI — Graduate School

M.A. in Psychology | Clinical Concentration | 1992

Northwestern University, Evanston, IL — School of Education

B.S.Ed. in Human Development & Social Policy | 1987

LICENSURE & CERTIFICATION

Licensed Clinical Psychologist — Commonwealth of Virginia — License #0810002514

FAA-Certified HIMS Aviation Medical Examiner (AME) & Tier 2 Air Traffic Controller Specialist Evaluator

One of four psychologists in Virginia trained and certified by the FAA in HIMS and Tier 2 evaluations.

ACADEMIC & HOSPITAL APPOINTMENTS

West Virginia University, School of Medicine | Morgantown, WV | January 2001 – July 2007

Clinical Assistant Professor, Department of Behavioral Medicine and Psychiatry

South Louisiana Community College | Lafayette, LA | January 2007 – May 2007

Adjunct Instructor, Department of Social Sciences — Psychology & Sociology

CLINICAL & FORENSIC EXPERIENCE

Soar Behavioral Health, LLC | Newport News, VA | July 2024 – Present

Psychologist / President

Provide FAA-mandated psychological and neuropsychological evaluations for active pilots seeking medical certificates and Tier 2 Air Traffic Controller Specialist applicants (post-offer, pre-employment). Provide neuropsychological assessment and psychotherapy for pilots, air traffic controllers, and other aviation-industry professionals. One of four psychologists in Virginia FAA-trained and certified in HIMS and Tier 2 evaluations.

A second service arm offers the only migraine and headache specialty assessment and treatment neuropsychology practice in Virginia, serving neurology patients through Acceptance and Commitment Therapy (ACT)-based approaches.

Neuropsychological populations: Migraine and headache disorders, acute and chronic substance abuse, ADHD, affective disorders, anxiety disorders, ASD, chronic pain, HIV, executive and frontal-system dysfunction, intellectual disabilities, learning disabilities, personality disorders, seizure disorders, status post-TIA (controlled), status post-stroke (controlled), sleep disorders, SSRI-controlled mood disorders, TBI, vestibular dysfunction.

Measures used: Boston Naming Test, California VLT, CogScreen-AE, COWAT, Conners' CPT, Finger Tapping and Grooved Pegboard, IVA+, MCMI, MMPI, NAB, PAI, PASAT, Paulhus Deception Scales, Rey AVLT, Rey CFT, Rorschach, SASSI, Stroop CWT, TOVA, Trail Making Test, WAIS, WMS, Wisconsin CST.

Hampton Veterans Affairs Medical Center | Hampton, VA | September 2014 – June 2019 (retired)

Staff Psychologist, Mental Health & Behavioral Sciences Service

Responsible for forensic, clinical, and administrative functions in outpatient mental health. Conducted forensic psychodiagnostic interviews for compensation and pension referrals; performed psychological assessment, psychoeducational therapy, evidence-based cognitive therapies, and interdisciplinary treatment. Assisted with the Spinal Cord Injuries and Disorders specialty unit. Coordinated psychological assessment services and male military sexual trauma services for the department. Served on committees and workshops; modalities included individual and group psychotherapy, brief marital and family interventions, and evidence-based treatment.

Neuropsychological populations: ADHD, ASD, blast injury sequelae, chronic pain, cognitive functioning, dementias, multiple sclerosis, personality disorders, PTSD, psychopathology, acute and chronic substance abuse, military and non-military sexual trauma, feigning and malingering, schizophrenia, suicide risk, dangerousness, seizure disorders, stroke, comorbid medical conditions, intellectual disabilities, learning disabilities, TBI.

Measures used: BDI, BAI, CAPS-5, SCID, PCL-5, comprehensive chart review, collateral interviews, VA-specific measures.

Carl Vinson Veterans Affairs Medical Center | Dublin, GA | March 2013 – September 2014

Multiple Supervisory Positions (see below)

PTSD Clinical Team (PCT) Supervisor; PTSD Residential Rehabilitation Treatment Program Supervisor; Substance Abuse / Outpatient Supervisor (Acting); Substance Abuse / Intensive Outpatient Program Supervisor (Acting); Substance Abuse Rehabilitation Treatment Program Supervisor (Acting).

Responsible for all clinical and administrative activities for outpatient and inpatient PTSD and substance abuse direct services in a 340 acute bed and 145-bed residential unit VA hospital. Veterans received psychoeducational therapy, evidence-based and other cognitive therapies, and interdisciplinary treatment (recreational therapy, psychopharmacology, dietary, nursing, compensated work intervention, addiction therapy, family therapy, social work, and psychology). Conducted psychodiagnostic interviews and psychological assessments; provided individual supervision to clinicians and administrative staff; delivered live supervision of specialty groups; assessed and consulted on diagnostically challenging patients in general mental health, medical, nursing home, and the Emergency Department; coordinated

services across mental health and other service lines; served on the Mental Health Executive Committee and the Medical Executive Committee; intermittently acted as Chief, Mental Health Service Line; assisted administration in responding to patient complaints; collected and analyzed data; drafted policy.

Neuropsychological populations: Blast injury sequelae, cognitive functioning, intellectual disabilities, learning disabilities, paralysis, personality disorders, PTSD, psychopathology, acute and chronic substance abuse, military and non-military sexual trauma, feigning and malingering, seizure disorders, spinal cord injury, stroke, comorbid medical conditions, TBI, dangerousness.

Measures used: BDI, BAI, CAPS-5, KBIT, MMPI, PAI, PCL-5, Rey CFT, SASSI, SCID, Trail Making Test, WMS, comprehensive chart review, collateral interviews, VA-specific measures.

Eastern Louisiana Mental Health System, Admission Special Security Area (Maximum Security) |

Jackson, LA | March 2012 – March 2013

Chief Forensic Psychologist, Maximum Security

Responsible for all forensic mental health services for maximum-security psychiatric patients across the State of Louisiana. Provided pretrial competency evaluations, behavioral observation, mental status examinations, chart review, and testing for intelligence, personality, psychopathology, and malingering; conducted treatment planning, alcohol and substance abuse assessment, and violence risk assessment and prevention; provided expert witness testimony. Consulted with other departments, disciplines, and counsel; consulted with District Court judges throughout Louisiana; cooperated with federal law enforcement agencies; participated in facility management. Supervised and trained psychologists, psychology associates, psychology interns, social work practicum students, forensic psychiatry fellows, and medical students.

Neuropsychological populations: Acute and chronic substance abuse, ADHD, ASD, CTE, comorbid medical conditions, fetal alcohol sequelae, intellectual disabilities, learning disabilities, paraplegia, seizure disorders, self-inflicted injuries, spinal cord injury, strokes, TBI.

Measures used: MMPI, PAI, Rey CFT, SASSI, Trail Making Test, WAIS, WMS, various forensic measures.

Advanced Forensic Psychology, LLC | Lafayette, LA | January 2007 – March 2013

President / Forensic Psychologist (Private Practice)

Provided forensic neuropsychological services, including pretrial competency and criminal responsibility evaluations; treatment needs assessment; psychosocial assessment for cognitive functioning, personality disorders, PTSD, functional psycholegal capacities, alcohol and substance abuse, and recidivism risk assessment and management; pre- and post-sentencing consultation; sexual offender evaluations; policy analysis; expert witness testimony; consultation with counsel and judges; and case management for federal and state defendants. Civil expertise included involuntary commitments, parenting assessments, custody evaluations, juvenile delinquency, family and intimate partner violence, interdiction, and various civil competencies. Provided Critical Incident Stress Management following armed conflicts for law enforcement and financial institutions. Patients ranged from adolescent through late elderly, including those with traumatic brain injuries, intellectual disabilities, severe and persistent mental illness, and dementias. Supervised staff.

Neuropsychological populations: Acute and chronic substance abuse, ADHD, ASD, CTE, comorbid medical conditions, intellectual disabilities, learning disabilities, paraplegia, seizure disorders, self-inflicted injuries, spinal cord injury, strokes, TBI.

Measures used: Boston Naming Test, California VLT, Conners' CPT, MCMI, MMPI, NAB, PAI, Rey AVLT, Rey CFT, Rorschach, SASSI, Stroop CWT, Trail Making Test, WAIS, WISC, WMS, Wisconsin CST.

National Health Service Corps, U.S. Department of Health and Human Services (LRP/PPO) | Mineral

County, WV and adjacent counties in WV and MD | August 2000 – August 2006

Public Health Psychologist, Non-Commissioned Corps

Served as the sole psychologist in a rural Appalachian area. Performed psychodiagnostic assessments for cognitive functioning, personality disorders, ADHD, ASD, coal dust-related neuroinflammation, hypoxia-related cognitive effects, TBI, genetic disorders, mild cognitive impairment, PTSD, and substance abuse.

Provided psychotherapy and forensic assessments for criminal and civil matters at county, state, and federal levels. Consulted with primary care providers; conducted mediation and suicide risk assessments; trained staff and consulted at a school for behaviorally and emotionally troubled adolescent boys; provided Critical Incident Stress Management for law enforcement and firefighters; consulted on medication-related changes and dementia at skilled nursing facilities. Referrals came from primary care providers, mental health professionals, child protective agencies, attorneys, and self-referrals. Supervised and instructed master's- and doctoral-level students in psychology and medicine; managed administrative, record-keeping, billing, and supervisory duties.

Neuropsychological populations: ADHD, ASD, coal dust-related neuroinflammation, cognitive functioning, dementia, genetic disorders, hypoxia-related cognitive effects, mild cognitive impairment, personality disorders, PTSD, substance abuse, TBI.

Measures used: BASC, Conners' CPT, MCMI, MMPI, NAB (from 2003), PAI, Rey AVLT, Rey CFT, Rorschach, SASSI, Stroop CWT, Trail Making Test, WAIS, WISC, WIAT, WMS, Wisconsin CST.

U.S. Department of Justice, Federal Bureau of Prisons — Federal Correctional Institution Cumberland |

Cumberland, MD | December 1997 – July 2000

Drug Abuse Treatment Program Coordinator / Psychologist

Served as a specialized senior psychologist providing comprehensive psychological services to approximately 1,500 high-, medium-, and minimum-security inmates. As Drug Abuse Treatment Coordinator, supervised bachelor's- and master's-level drug treatment specialists and a secretary for a 500-hour comprehensive residential program and four additional drug programs. Provided crisis intervention, individual and group psychotherapy, relaxation training, and behavior change planning. Performed cognitive and personality assessments, risk assessments for dangerous behavior, psychosocial and substance abuse assessments, and neuropsychological screening. Provided Employee Assistance Program services to staff. Consulted in a multidisciplinary, multimodal environment and participated in a range of federal law enforcement duties.

Academic Honors Graduate — *Federal Law Enforcement Training Center (FLETC), Glynco, GA. Qualified on 9-mm pistol, M-16 rifle, and 12-gauge shotgun.*

Clifton T. Perkins Hospital Center, Maryland Dept. of Health and Mental Hygiene | Jessup, MD |

September 1996 – November 1997

Psychology Associate/Doctorate

Provided psychological services in a maximum-security forensic mental health facility serving patients referred by prisons, courts, and other mental health facilities. Conducted court-ordered pretrial assessments for competency to stand trial and criminal responsibility; performed risk assessments for dangerous behavior, psychosocial assessments, and substance abuse and neuropsychological screening. Provided individual, group, and family psychotherapy; relaxation training; substance abuse treatment; and behavior change planning. Collaborated with psychology, psychiatry, social work, primary care, and nursing during interdisciplinary team meetings.

Connecticut Valley Hospital, Connecticut Dept. of Mental Health & Addiction Services | Middletown, CT

| September 1995 – August 1996

Neuropsychology Intern

Conducted individual and group treatment and psychological assessments for short- and long-term general and specialty psychiatric inpatients and outpatients, and for court-committed patients (not guilty by reason of insanity or questionable competency) in Connecticut's maximum- and medium-security forensic hospitals and community-based clinics. Provided neuropsychological assessment, psychotherapy, and mobile crisis intervention. Adjunct responsibilities included consultation with physicians, nurses, psychologists, and other health care and state agency professionals.

Neuropsychological populations: Serious and persistent mental illness, affective disorders, psychosis, schizophrenia, TBI, stroke, TIA, ADHD, ASD, CTE, tertiary syphilis, dementias, genetic disorders (including Huntington's disease), substance abuse disorders.

Measures used: *Bender-Gestalt, Boston Naming Test, California VLT, Conners' CPT, Luria-Nebraska Neuropsychological Battery, MCMI, MMPI, Rey CFT, Rorschach, Stroop CWT, TOVA, Trail Making Test, WAIS, WMS, Wisconsin CST.*

Family Violence Research Program, University of Rhode Island | Kingston, RI | December 1990 – August 1996

Member-at-Large (Aug. 1995–Aug. 1996) | Assistant Director (Sep. 1993–Aug. 1995) | Program/Research Assistant (Dec. 1990–Sep. 1993)

Supervised and managed a 16-member interdisciplinary team of social scientists. Evaluated clinical data from two national surveys on family violence; generated and tested research questions; managed large databases; performed data analysis on mainframe and personal computers; taught honors seminars and undergraduate courses; conducted program evaluations and consultations.

Shake-A-Leg Foundation Sailing Program | Newport, RI | May 1994 – August 1995 (seasonal)
Sailing Instructor

Provided individual and group sailing instruction for students with hemiplegia, monoplegia, paraplegia, quadriplegia, spinal cord compromise, and TBI, of recent and distant onset. Instruction was conducted on a specially designed, unsinkable, keeled Freedom 24 with a freestanding mast and an adaptive pivoting seat with additional safety restraints.

Neuropsychological populations: Hemiplegia, monoplegia, paraplegia, quadriplegia, spinal cord injury, TBI.

Forensic Psychosocial Consulting Practice | Bristol County, MA | October 1990 – August 1996
Court Investigator / Forensic Psychological Consultant

Performed forensic competency evaluations for adults and juveniles in cases of serious violence ranging from child abuse and neglect to homicide. Conducted diagnostic interviews, reviewed collateral records, prepared evaluative reports, and provided expert testimony in child protective, civil, and criminal proceedings.

University of Rhode Island Community Ambulance (Pro Bono) | Kingston, RI | January 1991 – June 1995
Mental Health Advisor

Assessed and treated members of a rural rescue service; trained rescue personnel in the management of psychological emergencies; coordinated services with medical and mental health providers; drafted policy.

Family Service Association of Greater Fall River, Inc. | Fall River, MA | April 1994 – August 1995
Therapist & Psychological Evaluator

Provided fee-for-service psychotherapy to clients presenting with conditions ranging from adjustment difficulties to major mental illness. Performed psychological assessments of intelligence, personality, and neuropsychological functioning.

Court Clinic | New Bedford, MA | May 1992 – August 1992
Summer Intern

Assisted a Designated Forensic Psychologist in evaluating forensic competencies at the Court Clinic.

Massachusetts Department of Social Services | Boston, MA | May 1988 – July 1990
Social Worker

Provided individual, group, and family counseling; psychosocial assessments; case management; and service planning. Investigated physical and sexual abuse and neglect; provided legal advocacy and expert testimony.

OTHER PROFESSIONAL EXPERIENCE

Mt. Mansfield / Stowe Mountain Resort | Stowe, VT | November 1992 – April 1994 (part-time)
Ski Patroller

Rescue skiing, wilderness first aid, public safety, and mass casualty management.

Magic Mountain | Londonderry, VT | January 1988 – April 1988
Professional Ski Patroller

Rescue skiing, wilderness first aid, public safety, and mass casualty management.

New York City Police Department | New York, NY | November 1984 – September 1986
Auxiliary Police Officer / Emergency Medical Technician — Aux. Emergency Services Division, 30th Precinct (30 Rescue)

Patrolled from 59th Street to the top of Manhattan, river to river. Provided emergency medical care, crisis management, mass casualty management, physical and psychological triage, emergency vehicle operations, law enforcement and patrol techniques, and radio communications. Completed the 15-week Primary Training Course at the Police Academy (part-time basis).

PRO BONO SERVICE

Soar Behavioral Health, LLC | Newport News, VA | 2024 – Present

Maintains two pro bono openings in the practice for neuropsychological clinical and FAA clients who are uninsured or financially unable to afford services, providing time-limited professional care.

Eastern West Virginia Rural Health Education Consortium | Eastern Panhandle, WV | August 2000 – August 2006
Preceptor

Served as a preceptor for physician assistant students, nursing students, medical students, interns, residents, and psychology graduate students.

Region VIII/IX Critical Incident Stress Management Team | Eastern Panhandle, WV | August 2000 – August 2006
Mental Health Professional

Served as the only mental health professional on a multidisciplinary team covering the western half of a nine-county area, providing services to emergency personnel following serious incidents and disasters.

Family Crisis Center | Mineral County, WV | September 2004 – August 2005
Member, Board of Directors

NAME CHANGE

Name changed from Glenn David Wolfner to Glenn Wolfner Ahava in 1996.
